CenterPoint Integrated Solutions was formed to provide our clients an extension of their internal resources. We partner with Owners and Design Teams to provide our technical expertise on Project Management and Civil Engineering Services. Our team has experience working in over 75 jurisdictions across the country and has successfully obtained entitlement approvals that satisfy both the client and the municipalities to ensure the project is a success. Our Core Strength is in the guidance to the owner and providing multiple alternatives to design challenges and objectives. We value relationships, integrity, collaboration and commitment on every project.

CenterPoint Integrated Solutions creates a strategic partnership with our clients to develop successful real estate projects.
